PUBLIC AGENDA

Mindi Baumgartner asked the Council about the gunfire incident that occurred on September 7, 2026, at the apartments just outside of Eastborough. She also asked why Wichita police officers were walking around in Eastborough following the incident and not providing any information. She expressed a desire for the city to have some type of communication or notification system in place so residents can be informed when significant incidents or safety concerns are occurring in or around our city. She requested a dog station be installed at South Park at the east end by the walking path. She requested the council meeting dates and council members emails to be listed on our website.

Stacy Moore stated there was no actionable information regarding the 9/7 incident. We can investigate pursuing communication via text. She can contact City Hall for council members' email addresses or phone numbers.

Rebecca Jordan expressed concerns about safety in her home due to the level of activity occurring at the nearby apartments. She also requested that City Council meetings be televised or otherwise made available for residents to watch, so community members can stay informed about council discussions and decisions.

Stacy Moore stated that council meetings are open to the public and residents may attend.
